

product MiraDRI® M-800 Mastic

Rubberized Asphalt Sealant for Waterproofing Membranes

Ten Cate Nicolon offers a wide range of moisture protection products for a wide range of applications. These materials are cost-effective elements which improve and enhance modern construction techniques.

PRODUCT DESCRIPTION

MiraDRI® M-800 Mastic is a rubberized asphaltic, highly consistent mastic.

Product Uses: M-800 Mastic is an excellent sealant and has superior adhesion characteristics when applied to concrete, masonry, and wood.

INSTALLATION GUIDELINES

Apply M-800 Mastic by using a caulking gun or trowel. If a caulking gun is used, the bead should be troweled to a flat surface approximately .32 cm (1/8 in) thick by 1.9 cm (3/4 in) wide. M-800 is used as a secondary seal on all MiraDRI® 860/861 cut edges, seams, T-Joints, overlaps, and other terminations. **Never install MiraDRI® 860/861 membrane over the MiraDRI® M-800 Mastic.** Clean up can be accomplished with mineral spirits or paint thinner.

TECHNICAL DATA

MiraDRI® M-800 Mastic is used on all cut edge terminations of MiraDRI® 860/861 Membrane. It is also used on patches and other specified detail areas. M-800 Mastic is formulated to be compatible with MiraDRI® 860/861 Membranes. Therefore, no substitutions will be allowed.

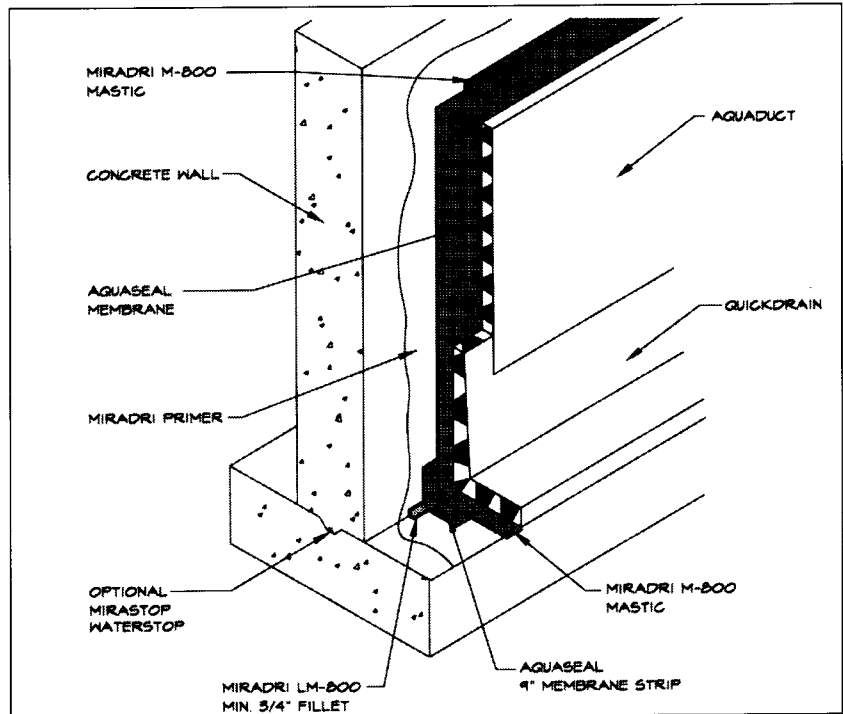

Coverage Range: 10-15 ft²/gallon

Shelf Life:

Packaging: 5 gal. (19 liter) pail. 51 lbs (23.1 kg). 12 tubes per case. 29 oz. (822 kg) each. Store 1 year in proper conditions.

CAUTION/LIMITATIONS

MiraDRI® M-800 Mastic contains solvents. No open flames, sparks or smoking should be allowed in the immediate area. Dispose of in accordance with local, state and federal EPA regulations. Vapors are harmful. Use in a well ventilated area. Avoid contact with eyes, skin or clothing. Wash thoroughly after handling. **KEEP OUT OF REACH OF CHILDREN. HARMFUL OR FATAL IF SWALLOWED.** Do not induce vomiting. Call a physician immediately. Refer to MSDS for other information.
